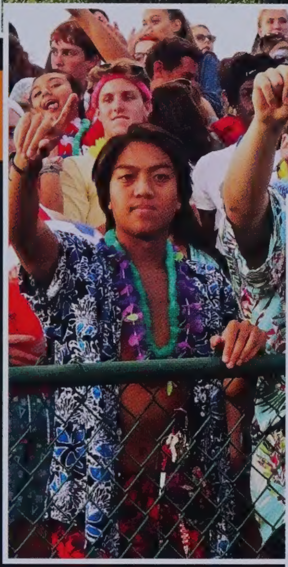
STAND up



FALL

A season of reunions, coming back from a long summer away. Back to school. New classes and teachers. Friday night football and victories on the soccer field. Fall is when we return to who we are. We stand up against our rivals. We stand up to the challenge of a new year. We stand up as a family. We stand up as Knights.

First All School Mass

Students attending the first all school mass meet Father Nathan Maskal and Father Daniel Niezer for the first time. The Co-Chaplains shared their excitement to be at Marian and working together.

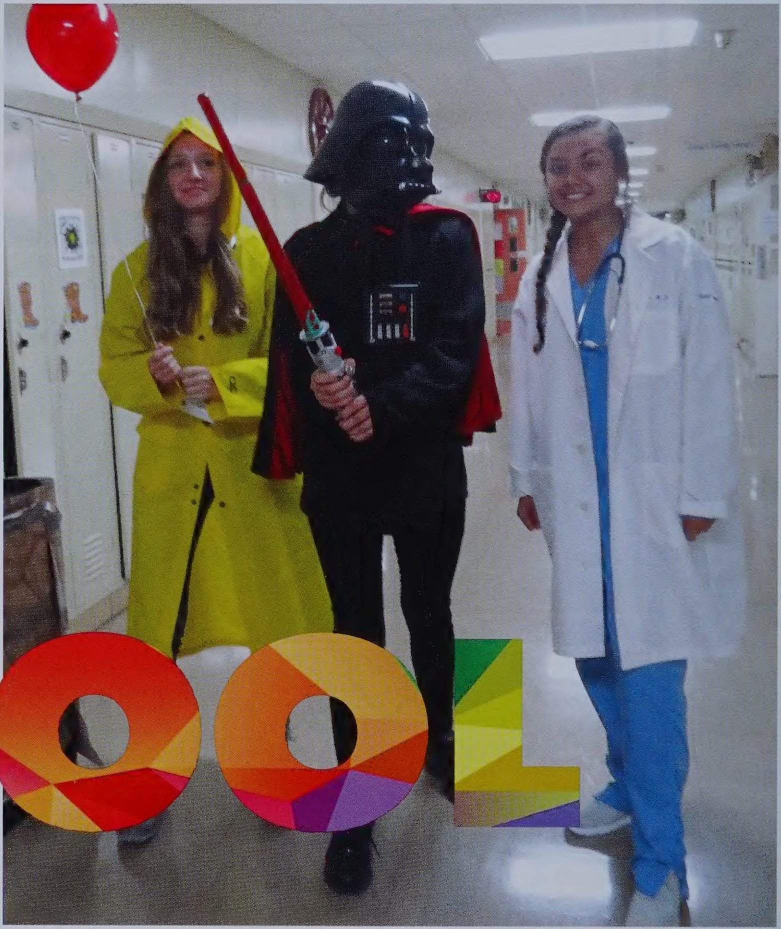
Mrs. Meyers and Talia Thornton, 11, gave speeches with Marian Alumni, Grace Thomas, welcoming students back to Marian for another year learning, serving, and leading.

SEPTEMBER SENIORS OF THE MONTH

The first female recipient of 2019, Lauren Bryant, was shocked when her name was called for senior of the month award because she believes she is not one of the typical nice people who usually receives the award. Although she was excited about the award, she was also a little embarrassed of going in front of a big crowd. One of her biggest achievements while being at Marian is being in the National Honor Merit Scholarship program. Before Marian, Lauren attended St. Thomas the Apostle Catholic School.

The first male recipient of 2019, Aaron Fuller, was really surprised when he received the senior of the month award because he is not very involved other than playing football and participating in NHS. His largest achievements while being at Marian are being captain of the Marian football team and being inducted into NHS. Before high school, Aaron also attended St. Thomas the Apostle Catholic School. He would advise freshmen to keep their grades up.

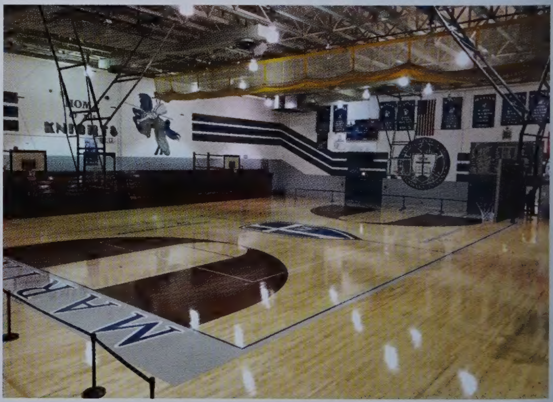
Welcome BACK to SCHOOL Knights



Demetrius Jackson

Thanks to Marian alumni Demetrius Jackson, we have a beautiful new gym floor. Demetrius graduated in 2013. He is the youngest, most recognized alumni of Marian so far. He played basketball for Marian throughout his high school years. He ended up going to Notre Dame after he graduated, to continue his path of playing basketball and to further his education. Jackson is now playing for the Lakers.

VISITING ADULTS



Travon Callicott, 10

What are your goals for this year?

"To get good grades, and to be a leader."

Analycia Camarena, 9

What is your advice for freshmen?

"Work hard, freshmen year is not a waste; it counts."

Christopher Hahn, 10

Hardest part about being a freshmen?

"The weight on your shoulders, grade wise, and also managing your life."

Natalie Seidl, 10

What is your favorite subject?

"My favorite subject is foods because I am always hungry."

How do you feel about the new gym floor?

Who do you look up to?

"The new Demetrius Jackson court is very nice, I'm really excited to play on it this year and I'm just grateful for Demetrius paying for a new floor. I look up to Demetrius because he does so much for the community and he's a big part of Marian High School and I want to be like him one day."

Kaleo Kakalia, 10

"The new Demetrius Jackson court is much better than the old one and it has more grip. It was a very generous donation and I respect that a lot. I look up to my sister, Jaiden Rangel, because she's a good leader and she corrects things that I need to work on."

Payton Rangel, 10

How do you feel about coming back to school?

What do you miss about summer?

"I was excited to see all my friends again and be able to talk with everybody. I miss sleeping in and hanging with all my friends whenever I want."

Michael Schnippel, 12

"It sucks coming back to school because you have to wake up early and deal with people being loud, annoying, and pushy. I miss not having to wake up early."

Alexandra Martinez, 10

Meet the New Faculty and Staff!

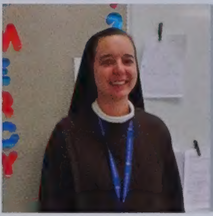
Marian welcomes five new members to the faculty and staff this year. Here, they share their passion for life and working with us!

Mr. Caputo says the decision to come to Marian was easy. He admits that being a first year teacher has plenty of difficulties. However, it does not come without plenty of blessings! While he was in seminary, he had a pastoral assignment at a local high school.

Mrs. Desmarais absolutely enjoys being able to do what she loves, art, with the people she loves, all her students. Prior to being asked by retired art teacher Mrs. Gunty to come back to Marian, she used to teach at Marian, St. Jude, and in Michigan and North Carolina.

Mrs. Dolezal has worked in almost five different states including Minnesota, Arizona, and Texas. She moved back to South Bend to be closer to family. The positive, exciting environment of Marian really draws her in each and every day.

Miss Hall enjoys working with the students at Marian and being able to use her gifts and talents. She used to be a full time retreat missionary and a college campus minister for three years. She enjoys salsa dancing and country swing.



Sister Mercy Briola taught for three years as a lay woman in Pittsburgh, PA. before moving to Indiana to become a Sister of St. Francis of Perpetual Adoration. Teaching at Marian is her first ministry as a sister.

Sole **Senior**

There is only one senior this year on the Varsity Volleyball team. Hannah Hopson has loved being a senior, and she feels like there are so many other students looking up to her. She enjoys playing volleyball and bonding with her teammates. Hannah said, "Being a senior can be a lot of fun, and you realize that it's your last year to spend this time with these amazing girls."

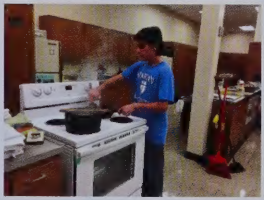
Junior Talia Thornton had injured her leg when she landed wrong while playing volleyball her sophomore year. Talia said that the hardest part about her injury was knowing that she would not be able to play her junior year. Even on the bench, being with her team was nostalgic because being there with the girls felt like home. Talia says she hopes she gets to play in college because that is something she would really like to do.

HUNGRY?

Get ready to be CHOPPED!



Welcome to the Marian cook off. There are four teams: the red team, the white team, the yellow team, and the blue team. One team said that they had a blast cooking and they were going to win the cook off because they worked well together and had their secret ingredients to win over the judges

VOLLEYBALL

GO KNIGHTS!

YOU JUST GOT SERVED

CAN YOU DIG IT?

The Varsity volleyball team gets ready to bump set spike their way to victory!

The team always recites the Knights chant before they go fight hard for a win.

The Marian Knights volleyball teams are ready to win! These girls worked hard and fought all summer for their spots on the Knights volleyball teams. They work together to try to be the toughest competitors in the league. Their passion and commitment for the game have contributed greatly to this season. This season was tough, but the teams made there way through the season triumphant!

The freshman on this year's team have said that they had so much fun and a great experience playing for Marian. One girl said that she felt very welcomed and embraced and that the team worked so well together and played every game with a positive mind set.

I Believe That We Will Win

First Game. First Win. *First games are always nerve racking. The Clay VS Marian game is going to be one to remember. After months of practice, the Knights are eager to get on the field. "I was nervous to be out there at first, but it turned out fine as the game kept going. I was worried for nothing," says Brian Bultink, a player that is new to the team. "It's cool to be part of it. I always feel nervous before a game though. Once I'm on the field, it all goes away." After an astonishing win, the Knights are ready to celebrate their first victory as they go back home.*

JV Football. Undefeated is one way to describe this football team. Through the injuries, the sweat, and practices that seem to go on forever, the JV 2019-2020 team is nothing less than unstoppable. "I had a great time this season," says Dar'e'on Thornton, a freshman on the team.

We Got Spirit
Yes We Do

During games, the fans go crazy. Parents are excited to see what their kids have been working so hard for, and the coaches love seeing plays in action. Throughout all this, the people that go the craziest are the students in the student section.

From throwing baby powder to Chick-fil-A sauce, everyone in the stands goes all out to make the games as loud and as wild as possible. Some students even bring in glow sticks to make the student section light up. "Being a senior in the student section is insane. Random things go flying everywhere. You can never know what's going to happen next. It's the best part of the whole game," says Brianna Wasoski, a senior who never misses a game. The student section is a crazy and unpredictable place, but everyone enjoys being part of it.

Football Managers

Football involves so much effort, and not just from the players themselves. These three diligent girls not only come to all the heated practices, but stand on the sidelines during games, ready to help the coaches with anything they need. "We have built so many great relationships with all the boys. After my surgery, they were all very helpful," says Marin Floran (pictured right). Their job not only involves their time, but some of the tasks managers must accomplish are never easy. After getting pinched nerves removed, Marin knew that more than anyone, but she was still ready to complete whatever was thrown at her. Natalie Gonzalez (pictured left) and Jillian Folwer (pictured middle), both described the season as energetic and exciting. "We can't keep up with them sometimes. They're crazy," says Jillian. "It's been an amazing season so far. The coaches are pushing them harder each day," Marin adds. Hard work pays off and it certainly shows, especially on the field of the Marian Kights.

Varsity Football. Winning is a goal in any football team, but for the Knights, winning is a priority. This has been made very clear by many of the varsity players. "It does not get any easier being on varsity versus JV. It only got harder for me, but we work with each other and make it work. There is a lot of pressure though. You have to put in the work to get the results," says Tyler DeBoe, a senior on the team. From the sound of it, there is nothing simple about being part of the team, but all of the teammates are in it to win it and they will not quit until the victory is their's. "It's a great team. It's a privilege to be working with them. We work hard all season and the work pays off at our games. We all do our very best and we push hard every game. It gets hard sometimes, but we make the win happen," says Captain Aaron Fuller.

FOOTBALL

A team that plays together stays together. They have worked hard all season, and they have loved every part of it. They aren't planning on stopping either.

"It feels great to be part of this team. Playing football is my dream and my passion," says senior Issac Hibbs who has played varsity for three years.

This team strives to be as welcoming to new players as they can. Colin Kerr, who transfered from Bremen last year, has some input on what this team feels like to him versus his old one. "The Marian team now is definitely better than Bremen. Everyone does everything they can to make it the best," Colin says.

Everything the team works for shows in the final scores. Only having lost one game all season, the Marian Knights do not like defeat. Going to semi - state was also a huge deal for them.

In regards to how it feels to be a captain, Michael Schnippel responded saying, "It's an honor being recognized as a leader of the team. It really has been a goal of mine, and I am so thankful."

Through all the weather conditions and bad days, the Knights are still on the field, ready to win. Senior, Thomas Ewing says, "Varsity takes so much more communication and effort to perform the way we do. It's not easy." After winning regionals, this team is ready to take on the challenge of semi - state. "We really do put all the possible effort we have into it," Thomas adds. He could not be more right.

We are Marian Knights This group of young men is more than a team. It is a family, and anyone part of it knows that. It is not just a sport. It is a way to build relationships and friendships that last a lifetime. "For me, it's so much more than a sport I play. I've only played for one season, and I already feel like part of something big. The whole team feels like home," says Andrew Rasler, a freshman on the JV team. "Nothing can replace it."

Senior Season

Being a co-captain of the team, Micheal is one the most valued players. He describes being a captain as a wonderful experience. "It's great to know that your team chose you to lead it," he states.

Michael Schnippel, 12

"We just plan for the win and make it happen," says Garrett. He felt especially proud of the Jimtown game because he is from that area and enjoys the bragging rights. "I love my team," he adds.

Garrett Kontowski, 12

After transferring to Marian last year, Colin quickly fit in to the team and shares his passion for the game with his teammates. Being on the varsity team and seeing what it is like here, he has no regrets joining. "It's what I love to do," he says.

Colin Kerr, 12

After playing on varsity since sophomore year, Tyler has accomplished many great things on the football team. "A lot of the younger kids look up you as a senior," he says. "There are a lot of seniors this year that are awesome to play with."

Tyler DeBoe, 12

"We have come such a long way," says Eddie who is very proud of his team. "Making it to semi - state is so exciting, and I am so happy to be part of this team," he adds. The Knights are working harder than ever to win this important game.

Eddie Murphy, 12

"Being a senior on the team is definitely different. It starts to sink in that this is the last season I get to play," says Michael. "It's very rewarding," he adds. As a senior, he says he will miss the team very much next year. "I'll never forget the memories."

Michael Schafer , 12

Aaron is not only a captain, but he was senior of the month in September. "We would throw snowballs before practice and that was a favorite memory of mine," he says. Aaron also got featured on a YouTube Channel for his best plays during the Saint Joe game.

Aaron Fuller , 12

CHEERLEADING

Pulling together one of their most elite stunts yet, the "Awesome," the cheerleaders rally the team. Heather Curtis, lifted by her teammates, stands tall before cradling and turning a magnificent 360 landing in her bases' arms. Being on the bottom of that stunt can hurt. "Yeah, I cried," recalls junior Arianna Dowdy, as she remembers being hit by the flyer during practice. The hard work paid off as the "Awesome" was flawlessly executed and the Knights lead, winning 49-7.

MAKING HISTORY

"Being a Senior on the cheer team has showed me how to be a leader. It also has brought me friends that I know I can count on even after I leave. These girls have brought me many laughs and tears. They are not only my teammates, but my family. I have grown to love each and everyone of then, and I know that no matter what I am going through I can count on them to be there for me. I am so grateful to have such an amazing team and coaches."
Lauren Moutray, 12

"This season has really made an impact on my life. I have grown closer to the people that put a smile on my face no matter what. Every moment spent with them is deeply cherished. No matter how tough times get I remember that these ladies will always be here for me. I have never felt so close to a group of people in my life. I can not wait to start my last journey with my team next season!
Laresa Markham, 12

"Cheer has quite literally been my entire life. At this chapter comes to a close senior year, I want to thank the Marian cheer team for being so welcoming and becoming my family these past four years. I would not trade my team for any other. We have grown so much together. Sadly this is my last year as a Lady Knight, but I am going to make it the best year. And my girls will be here to help."
Heather Curtis, 12

The Beginning

Our Lady Knights gather together for a group photo at the very first football game, at Clay High School. The theme was "Beach" on this scorching late summer evening. The Knights held the lead the whole game and finished with a victory of 51-0. The student section is always a fun group of people. Thanks to them for coming out and helping to cheer on out Knights!

Senior Love

Here is a quick photo of some of our senior cheerleaders at our very first football game of the year. "As I was walking by they seemed to be having so much fun, so I wanted to take a picture to capture all the joy and beauty these girl have," said Roshelle Glazman, 9.

Undefeated

Friday, October 4th, our football team played Culver Academies. Coach Taylor and Coach Walter had JV and Varsity cheer this game for our homecoming. It was a chilly night, but our Knights pulled through and won the game 32-7. At this point the Knights were undefeated seven wins and no losses!

GAME DAY HYPE & SUMMERTIME FUN

1. On September 5th, alum Demetrius Jackson came to visit Marian so that we as a school could thank him for our brand new gym floor.

2. Friday, September 6th, we had our biggest game of the year against St. Joe. We overwhelmingly won the Holy War 41-0! Here is a photo taken with our astonishing student section.

3. The JV team gather for a photo as our Knights take on John Glenn.

4. Here is an overview of cheer camp as our cheerleaders learn a new dance with some new friends.

5. Every summer, the girls attend NCA camp for 3 days, where they learn many new chants, dances, and stunts. It is a great way to come closer to others and meet new people.

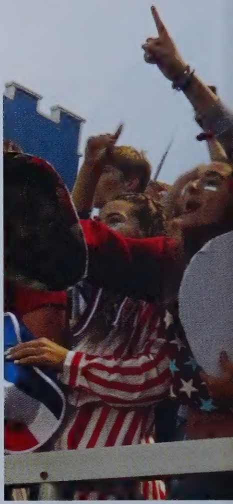
Service DAY

Sophomore Luis Ramirez (top) and Senior Ryan Piraccini (below) work at the Battel Center in Mishawaka cleaning vegetable beds and tearing down outdoor canopies in preparation for fall.

STANDING OUT IN OUR COMMUNITY. Service Day has been a tradition since 2014. Cooperating with businesses and organizations, Marian students are able to go out and serve their community. Many students remember their favorite things about Service Day being helping others and the half day schedule. Our service comes in all different forms such as photography, yard work, food services, spending quality time with our elders, and sharing our talents. This year Marian's Service Day is part of our new service requirement for graduation.

HOLY WARS



Many teachers and students believe that football and basketball have the biggest student section turn out, but Marian never fails to stand up and come support all of our teams. Especially when it comes to supporting our school when we face our biggest rival, St. Joe high school, also known as "the other school."

This fall, Marian won the football game and the girls soccer game against St. Joe. Clearly, Marian does indeed stand up and take the Holy War rivalry seriously. If you haven't been there yourself, you're missing out! Marian and "the other school" take it all the way.

Proud of yet another win, Marian senior student body officers Graham Harding, Bridget Meyers, and Christian Njunga accept the Hunger Bowl trophy awarded by the St. Vincent de Paul Society. This winning rivalry against St. Joe has become a highly anticipated tradition during our football Holy War. "It was a heart warming victory. It was nice to keep our streak alive," Njunga reflects.

Kickin' it up a Notch

The girls soccer team works their way to Semi-State.

The Lady Knights had an impressive 14-4 season record. The team is very close, and during the season, they do almost everything together. Unfortunately, their season came to an end at the Semi-State game on the cold and rainy day of Saturday, October 26. They went into overtime when the game was tied 0-0. After the additional 14 minutes, the Knights lost in a shoot out. The seniors were heart broken but anxious to see how far the team can go next year.

What do the freshmen think?

What is the best/worst thing about Marian?

Cassandra Gamboa & Analycia Camarena

"The best part about Marian is the people."

"The friendliness that everyone brings. It makes me feel comfortable around everyone. It makes it feel like home."

Billie James

"The worst thing about Marian is that we don't have enough parties!"

Lucas Walter

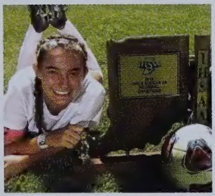
"The best part of Marian is the people because the people are funny and cool, and the worst part of Marian is homework."

Dar'e'on Thornton

"The best part is sports... the worst is going to class."

Q&A

As a soccer captain, what was one of your favorite soccer memories?



Paulina Carles, 12

"Winning sectionals and the dog pile after the game."

Reyna Cruz, 12

"Ooh, my favorite memory is probably parking really close to Liv and Maria so that they couldn't get out."

Maria Bennett, 11

"When I ran into the fence with my car."

-Addyson Slagh, 10

How do you feel about graduating and moving on in life?

"It feels great that I get to move on in life, but it's also sad that I will not be available to play anymore with my teammates."

Francisco Tavarez, Grade 12

What is your goal for next year, and what is the best part of soccer?

"Next year season, 2020, my goal is to be captain and win sectionals. The best part of playing soccer is being with your friends and winning. "

Yovani Navarrete, Grade 11

Who do you look up to, and what is the best part of soccer?

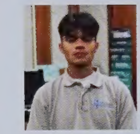
"I look up to Michael Baughman because he is a great leader. The best part of soccer is being with your friends."

Angel Pereira, Grade 10

What is the best part of soccer?

"The best part of playing soccer is when it relieves you from stress out of your mind, and also because it's my favorite sport. "

Luis Ramirez, Grade 10



How do you feel about your captains, and who do you look up to?

"The varsity captains are very good because they lead us with sportsmanship and leadership, and they set a good example to all of us. I look up to Cristiano Ronaldo, Lionel Messi, and Sergio Ramos because they are leaders, and they lead their team to victory."

Claudio Escobar, Grade 10

How do you feel about your captains, and what is your goal for next year?

"They are pretty good leaders because they always motivate us to do better. My goal for next year is to be a leader. "

Xavier Solis, Grade 10

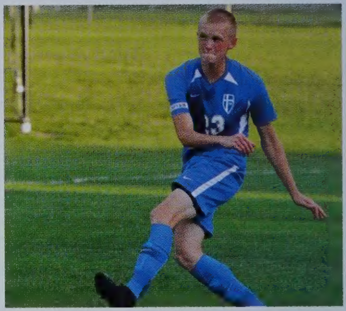
How do you feel about the seniors graduating?

"It feels sad because they make the team better, and they motivate us to be better."

Diego Velasco, Grade 10

Our boys' soccer team has had a rough season. However, after many ups and downs, the boys came out strong. They always gave it their all and held their heads high, staying positive. As shown, you can see them together whether huddling up before a game, being on the field playing, or cheering after a victory.

For many of the younger players, it is hard to see the Seniors leave as they have gotten to know them very well and become a family. Several players have stated that the soccer team is not nearly just a group of guys put on a team forced to play together, but rather a family who works together to get things done.



Varsity Captains

How did you work up to being captain?

"Coming to practices everyday and working hard."

Michael Baughman, 12

How do you inspire your teammates to work together as a team?

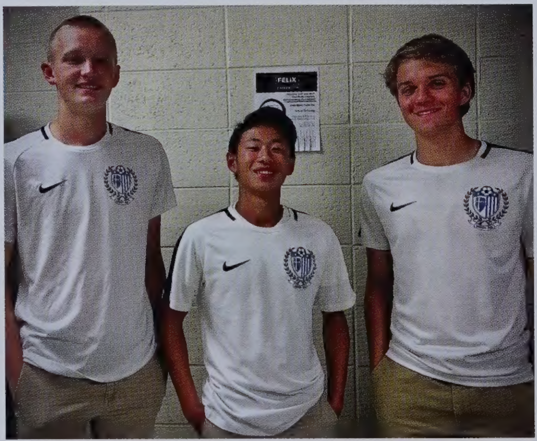
"By working hard, if I work hard and see it they will want to work hard and they will see the hard work on the field and will continue to work hard"

Jonathan Wang, 12

What are the best and worse thing about being a captain?

"Some of the best thing is to be seen as someone who represents the team and the worst would be carrying the equipment out to the field and having to speak with the referee when stuff goes wrong."

Joseph Rice, 12



Senior Goalie Hunter Runner, punts the soccer ball back to his teammates on the field after preventing the other team from making a goal. With all his strength and hard work at the end of the game, our Marian boys take the win.

BOYS SOCCER

What are your goals for next year season?

"My goals for 2020 are to get on varsity by practicing everyday and get better."

Alexis Gonzalez, 10

What is the best part of playing soccer?

"The best part is having a brotherhood and you get to know new people and create new bonds. "

Gaston Longines, 10

How do you feel about our soccer seniors graduating this year?

"I am sad they are leaving because they are a good class."

Gregory Rice, 10

What is the best part about playing soccer?

"The best part of playing soccer is the surge of adrenaline that you get on the field and thats why I love it. Also because being in the attacking side and being a forward and making a sprint to the goal and scoring."

Steven Rice, 10

How do you feel about your captains?

"I personally like them, they have helped the team through tough times and they have been really nice to me through the soccer season."

Grant Mccourt, 10

What is the best part about playing soccer and what is your favorite cleat brand?

"The guys are great and nice and my favorite cleat brand is either Nike or Adidas."

Aidan Veldman, 10

JUNIOR VARSITY Captains

Diego Campos, Grade 10 **Oscar Kloska, Grade 10** **Gavin Frick, Grade 10**

How do you feel about the varsity captains?

"They are the best captains they could ever be. Micheal, very strongly controls the back very good; Jonathan controls the middle very well; and also Joseph helps out in the back very well, they are all strong captains and they know how to lead the team to do better."

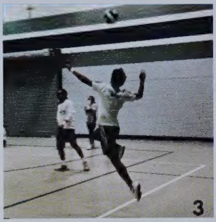
Just Keep
Running

Right before a sweaty, early morning meet, the cross country runners huddled up to hear their team pep talk. Benjamin Balderas, a junior on the team, says, "Before a meet, we always pray a Hail Mary, and usually Coach gives a pep talk before. Getting up in the morning is difficult, but you have to push through and get that bread."

"Cross country was rough because it's running, and I feel like it's not anything anyone really wants to do. The reason why I joined was because it's a really great team to be on, but the races and practices are pretty tough. In general, it's a fun team to be on," says sophomore, Maximilian Christianson.

Serving Up the Points

Blue vs. White Boys Volleyball Game



1. Joshua Schmidt, 11, goes up for a kill leading the white team to yet another point. 2. Kaleo Kakalia, 10, jumps up to take a powerful swing to spike the ball. 3. Jonathan Wang, 12, leaps into the air to serve another ace. 4. Sophomore members of the blue team remain in high spirits despite losing to the white team. 5. The white team is victorious, scoring overall points towards Spirit night.

CROSS COUNTRY

"This was my first year running on varsity, and it was very nice because you get to run earlier in the day, which is very nice because then you can relax while everyone else is running," says junior, Michael Loesch.

Junior Aidan Burniston says, "It's very different running on varsity compared to jv. I feel like there's a lot more responsibility on varsity."

"It was very relaxing and fun with my friends. It was kinda annoying having a new coach at the beginning because he didn't know how relaxed and laid back we were, but he eventually became laid back, and we had fun with him," says sophomore, Henry Singer.

October
Seniors of the Month

Basking in the glory of their accomplishment, Autumn Leap and Leslie Hollinrake were more than happy to receive their award for Senior of the Month. After hearing the amazing speeches given by Mrs. Meyers and Dr. Metzger about these two diligent students, their peers, teachers, and family could not be more proud of them. "I have an amazing time with my teachers and friends. We all have an awesome bond, and I can feel free to express my personality," says Leslie. He was so excited to get this award. When asked how it feels to be the Senior of the Month, Autumn said, "It's overwhelming in the best way possible." She was more than happy to be honored in this way. Both of these seniors really do deserve recognition.

Pasta Perfect

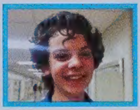
Athletes share their favorite noodle shapes

"Letters, because you can make words out of them," says Adrian Beltran, 10.

"If I had to decide, I would have to say mostaccioli noodles because they are the easiest to eat,"says Aidan Burniston, 11.

"Macaroni is the best kind of pasta, because I love macaroni and cheese, and it just tastes the best. Everytime I eat macaroni, it's always a lot better than any other noodle," says Michael Loesch,11.

"The spirally, slinky ones because they taste the best. They're the easiest to each with sauce too," says Nevaeh Foster, 9.



"The pipe ones, ziti, because they taste the best. I used to eat them as a kid all the time, and that shape just kind of stuck at my favorite," says Maximilian Christianson, 10.

"Rigatoni, very spirally. They are the most fun to eat, and they are kind of the original shape. I guess I just like to eat them the best," says Logan Stevens, 10.

"Through out the race, it was very stressful, but afterward I felt very accomplished. We defiantly had to work harder as a team, but there was nothing we couldn't do," says junior, Noah Majewksi.

Seniors Share... Their Favorite Memories

"I made so many great memories in my past fours years here. We all had so many fun times. One time we sung songs throughout a whole meet. It was very fun."

Autumn Leap

"After missing a turn during a meet, my coach yelled at me to turn back around. I ran into a bush and was bleeding throughout the whole race."

Isaac Letcher

"I'd have to say probably when our bus got stuck at the Culver meet, and we were stuck there for like over an hour."

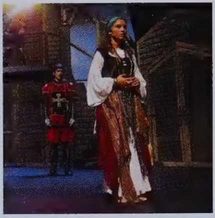
Anne Henry

"Even though I started kind of late, I caught up with everyone pretty fast... Every Saturday, we would all get together and have breakfast last year, and it felt like family."

Nathan Samuels

Special Performers

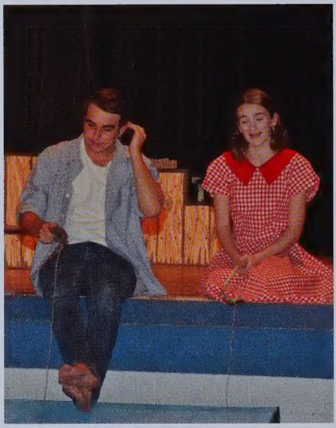
Expanding their horizons beyond the Marian stage, seniors Jack Keilman and Theresa Thomas performed in the South Bend Civic Theater's "The Hunchback of Notre Dame". Jack led the way playing Quasimodo, while Theresa took the role of Esmeralda. He says he was "drawn in by the boldness" of the show. "It tells the story of a harsh reality." Meanwhile, sophomore Elena Hicks has been cast as Bulda in Disney Frozen JR. with the Elkhart Civic Theater in Bristol.



Marian Grotto

Beep, beep, beep! This is the sound of what many students heard on Tuesday, September 8th, 2019. This is due to the beginning of construction on Marian's very own grotto! The final product is not to be expected until the end of this year. As funds come in, more progress will be made. Pictured right is the progress that has been made in only a couple days of work!

The Diviners



in your OWN WORDS

Roshelle Glazman, 9th

How confident were you while taking the test?
"I was a little nervous at first but once I started taking it, the time just all passed by and I don't think I failed too bad, so that's good."

How do you think you did?
"I think I did pretty good. I don't think I did amazing because I was very sleep-deprived and kind of excited to get it over with."

Helen MacWilliams, 9th

How confident were you while you were taking the test?
"I was a bit nervous, but my mom said that she did well on on it, so I felt fine about it really."

How do you think you did?
"I feel liked I did pretty decently. There were some parts that were pretty bad like the math, but the English parts were pretty good."

MUSICAL THEATER

Improv is natural for these creative students

Striking a picture-perfect pose during an acting activity, members of the class include (L to R, F to B) Everett Lacay, Bianka Olan, Brisa Dominguez, Rianna Burdine, Emma Ericson, Sierra Henthorn, Norah Porter, Dorothy Hicks, Katherine Robinson, Naida Kosek, Helen Macwilliams, Christopher Hahn, Ethan Chrobot, and Graham Harding. The class is taught by Mrs. Pingel.

The Fall Play is heavenly.

Hard work and dedication is what the Drama Club is all about. Mr. Case is the splendid director of Marian's Drama club. We have him to thank for this season's production of "The Diviners," a story about a boy who's fear of water brings the help of a retired preacher who put back together the lives of a small village in southern Indiana.

Greek and Latin Clubs

As expected with a teacher like Mr. duToit, both languages are packed full of fun, jokes and a number of parties! Greek Club has over 20 members and are always looking for new people to have fun with. Latin Club had an exciting movie night. Club members had a great time watching Pompeii and eating snacks! Both clubs are always looking for new members, so feel free to find Mr. duToit and ask to join!

Sum It Up!

In Latin Club, we usually plan for parties and the Latin Club shirt, which is usually a huge debate because because none of us can agree. We usually play euchre and eat food. Latin Club is pretty relaxed and just fun.

Sarah Oliva, 10

In Latin Club there's food and we play card games, like Euchre. We watch movies too occasionally. Latin Club is fun, weird, and Latin.

Reuben Moody, 9

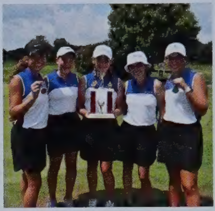
Swamp Stomp

On September19, 2019, the honors freshman biology class set out for a muddy adventure at Kingsbury Wildlife Preserve. After hearing a few talks and playing with some fish at the local fish hatchery, the classes pulled up their socks, tightened their belts, and waded into the murky water.

GIRLS GOLF

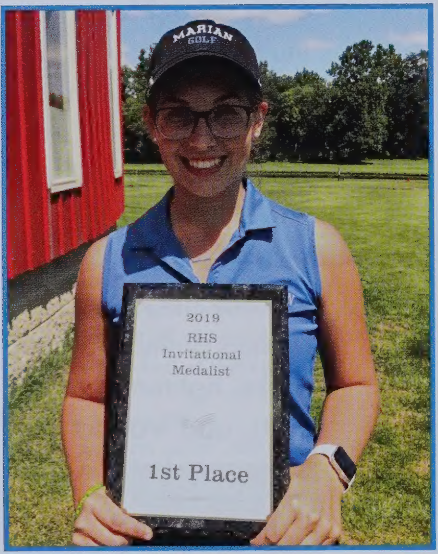
Bouncing along the bypass on a Monday morning, the girls golf team headed to the Goshen Invitational to open their season in early August. "We were listening to Ed Sheeran at 6 in the morning while drinking Starbucks," laughs freshman May Weston. This goofy and energetic ride translated into a strong performance on the green where the Knights placed second overall. This event set the tone as one of their highest scoring events all season.

The team grew to 10 members this year, larger than the last. "You don't have to be super good. We will welcome you," encourages junior Sarah Shrock, "Marian wants to win, but it's not all about winning." With a strong leader like senior Rosa Trippel, the girls have held on to many strong traditions. One pre-game ritual the girls share is a prayer: "Matthew, Mark, Luke, and John, Bless this course we play upon," chimes in freshman Maddie Hahn, "And if we do our very best, We pray that you will do the rest."



girls golf CAPTAIN

Rosa Trippel is on par with leadership and talent three years in a row!



What a stand out. Being captain is special in itself, but being captain since sophomore year is exceptional. Senior Rosa Trippel has been chosen by her teammates to be the captain for the Girls' Golf team for three years running. "She is caring for the whole team" Madison Hahn explains. Achieving the best overall team score in her four years at Marian, she credits this to hard work and them just having fun. "Each of them played their best round and forgot about the amount of pressure that sectional brings about." Although practice consists of lots of laughing, "We try to focus, but sometimes it's really hard after a long day of school," Trippel chuckles. She does not fall short on talent either. During warm ups at the NIC tournament on September 14, Trippel's driver collided with a left-handed opponent and snapped in half, leaving her without her most important club right before tee-off. Despite this mishap, she skillfully worked around the equipment malfunction to earn 2nd place overall.

REVEALING THE LOVE OF GOD

New to Marian this year is the Bernadette Scholars Program, which is designed to provide students with special needs the opportunity to receive a Catholic education and participate in typical high school life. The five students who have joined the Marian family have been welcomed with open arms. Nick Becker feels that way about the drama department. "Theater feels like family," Nick smiles. Morgan Minder and Mary Helfrich declared that they love art class. Morgan is also a member of the swim team. One of A'layah Newsome's highlights this fall was meeting Demetrius Jackson along with participating in drum line. Choir has also captured the attention of three of the scholars, including Leo Vesprini. This group of kids shows what it means to be a Knight.

BOYS TENNIS

How is high school tennis different from middle school tennis?

"High school tennis allows for more room for growth with a more experienced coach and a more community orientated atmosphere."
Aidan Schacht, 09

"Yeah, I feel like they're harder on you instead of messing around in middle school."
Keaton Voreis, 9

"Yes because of the higher play style and level of accuracy you have to be on."
Isaac Mielke, 9

"Yea. When you're in middle school when people coach you in tennis, they think that you will keep trying, but in high school they actually think that you can actually go somewhere with it, and so they teach a bit different, and it is a bit more intense but even then its also super fun because you get a closer relationship with your coaches and the students."
Dominic Marazita, 10

It's the start of something good

HORSING around

All smiles and poise, senior Alexis Chrobot proves that it really does only take one to make a difference. During her freshman and sophomore years, Alexis and her horse, Poco Yellow Spirit, had struggled to find a team to participate on. This motivated her to start an equestrian team here at Marian. Although she is the only member, she brought home a first place trophy for her division. This is huge because she brought in more personal points than a three member team alone. This has taught her a valuable lesson to share: "Don't be afraid to start something," Alexis encourages everyone.

WINTER

As days grow short and cold, Knights brace for winter and the joy of Christmas. When others take cover from the elements, we stand tall against them. We stand tall prepared for first semester finals and the start of a new year. Knights are born to reach to the heights.

"EVERYTHING NEGATIVE- PRESSURE, CHALLENGES- IS ALL AN OPPORTUNITY FOR ME TO RISE."

After the untimely passing of NBA great, Kobe Bryant this year, players and fans alike rallied behind his words of confidence and humility. His example of excellence on the court has inspired many Marian athletes to do our best, practice hard, and win with poise. The Lady Knights basketball teams had strong seasons, and they can look to words like these to continue to strive for excellence in the face of any challenge.

SENIORS

The seniors share some of their final thoughts of the season.

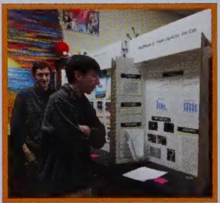
My favorite memory is... "The three repeated wins in sectionals or all the bus rides with the team... thank you for everything, and I'm glad that I got to spend this year having a good time, not just winning."
-Jaiden Rangel

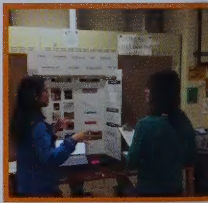
"I really think that the girls just played their hearts out... they should be proud for how they played this year because they did really well."
-Alivia Zielinski

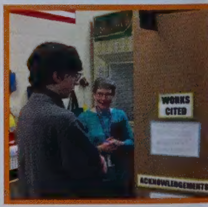
"I'm very happy with the season. We had a lot of fun, and we accomplished a lot, and I'm going to miss all of them."
-Christina Himelick

Science Fair

This year 35 students went to the science fair. 14 students received first place awards, 15 students received second place, 6 third place, and 26 students received special awards. Mr. A. was happy to say that there were 6 students chosen to go on to state.







During games, the girls are unstoppable. They work hard everyday during practice to make their performances on the court as good as they can possibly be. Some girls on JV switch out for Varsity as well, which makes working hard so much more important. Teagan Montague, a freshman on the team who does this often says, "Playing on both teams gives me more experience with more advanced skills and competition during games. It gives me a chance to see what it's like." Playing on Varsity is very demanding, and all the JV girls are striving to make it there someday. "I want to practice my hardest and show that I can handle what happens on the court," says Myriah Wigfall, another member of the JV team.

Girls Basketball

Losing in not an option. The girls are on the path to success this season, and it is showing in the final scores.

Q&A

What is your favorite basketball shoe?

Tanner Spiess
9
"I really like Nike because it's comfortable and looks good."

Emma Zielinsky
9
"My favorite is Nike because I've always worn them for games."

Nadalyn Gerwels
9
"I've always had Nike shoes, and they have super good support."

Myriah Wigfall
9
"LeBrons because they have a lot of ankle support and they look cool."

Addison Schade
9
"I like Kobe's because they have really good style and good support."

Teagan Montague
9
"Kobe's because they are super cute and pretty comfy."

Freshman Players. *Freshman girls play hard and love the game. Naveah Foster is playing on Varsity as a freshman and is doing amazing. "It feels like I have accomplished what I have been working for. I put time into practice even when it's not season," she says. Some of the other freshman have been finding success during games as well. Myriah Wigfall has been putting in the work. "I love the feeling of scoring and getting rebounds and stealing. It makes me feel good," she grins. Practice is key to perform well, and all the freshman girls are determined to get better.*

Boys Basketball

U-KNIGHTED WE PLAY, U-KNIGHTED WE WIN

Boys basketball was very successful this season. Even after many ups and downs, the boys have showed that they are tough. They always gave their all to the game and stayed positive. Before the games begin, they huddle up as a team and support one another. The teams hype each other up and prepare each other for the game ahead. Each game has all of the students up on their feet and full of pride.

“Seniors

Jerry
Bracey

“My favorite part about being a Senior on the Marian Knights Basketball team is being able to help the younger guys, lead and direct everyone on the court, knowing the fans can depend on me, and getting the wins. We are a really good defensive team, we play really hard, and younger guys are really good at stepping up. We often come together, and we all have a role on the team. If one person is not participating in the role then we lose, we all have to connect. Before games, we go to Mass and just listen to music. The Holy War was my favorite game just because of all the hype and the fans and atmosphere is great.”

Remember”

Michael
Baughman

“It feels awesome being a Senior on the Marian Knights Basketball team, being one of the only two seniors on the team, and being a leader on the team feels incredible. I want to be remembered as a role model on and off the court. When I hit the buzzer beater at the Mishawaka game it felt amazing. It was a good feeling; it was a good drive by Jerry and an even better pass by Ky'Rell. Before games, I listen to my country music. My favorite game this season has to be the Holy War because we won. It was very intense, and there was a good crowd.”

Tra'von Callicot
"We play very fundamentally, and we play as a team because team work is the dream work. We share the ball together and communicate because communication is key. This season was fun. Before games, Dylan Morton and I jam out to some music. My favorite game this season was St. Joe."

Dylan Morton
"Our team plays good, aggressive, and they try their hardest to win the game. We give each other the ball and work hard a a team. This season was pretty good because of all the new players bringing their best effort to the game. My favorite game this season was the Adams game."

Davion Taylor
"I felt good because we get the dub most of the time. This season was successful; we had communication and built up our brotherhood. Before games, I listen to music. My favorite game this season was the Holy War because it was the most exciting game this season."

Nomsa Andedo
"We play really good. Our chemistry is getting better; even though we are a young team, we live up to the expectations. We have a lot of communication. This year was an experience. My favorite game this season was probably the Holy War because of all the hype."

This year for freshmen boys basketball was awesome! The boys played really well together, and always had each others back. The boys supported each other on and off the court, united as a team.

Holy War!

MARIAN TAKES ON BIG RIVAL ST. JOE

It was a big game for the Marian Knights Basketball. Ky'rell Franklin, a junior on Varsity, goes up to the hoop to make yet another layup in the hopes to beat St. Joe.

The game was intense, each team was fighting to win, then a sophomore on Varsity, Kaleo Kakalia, made a three, putting the Knights in the lead.

Junior Varsity

Junior Varsity Basketball was on fire! The boys played back to back games. They worked as a team, and many on the team said that it was like a brotherhood. They were determined to win every time they set foot on the court. The coaches gave them assurance and made them believe in their team. Some boys on the team stated that they always keep a positive mind set and that it is important to maintain it throughout the game so they can win. The team played their heart out each and every game, they supported each other and cheered each other on, they made the game and each play look effortless. Each game was intense and had the crowds on their feet. They are aggressive when they need to and play hard to win every game. The boys did not just play to win, they played for one another.

Freshmen Boys

Dar'e'on Thornton
"I like how basketball is like a family and a community team and how we all play for each other. I think we felt most like a team when we beat St. Joe. Basketball is difficult, but good at the same time. Before every game, we pray a rosary. My favorite game this season was when we played St. Joe."

Jaxson Hundt
"The coaches were very nice, and all the players were not selfish. The second game of NIC play, we almost went to O.T., but won in the last minute as I scored the winning points against Mishawaka. Before games, I listen to music. This year's season can best be described as teamwork."

Grant Mishler
"It's exciting being on the JV team. It was a little nerve wracking at first, but then I got used to it. You wanna help your team win, and when you're up, you wanna keep going. There isn't much pressure because we practice against varsity all the time, so I'm prepared. My favorite game this season has to be the Adams game."

Harley Pankewicz
"The second half of the season was when we started playing more like a team, having more ball movement, making more shots, and playing more defense. Before games, I listen to a lot of rap music. My favorite game this season was when we played Mishawaka."

SENIOR STRIKER

Dylan Anderson has been on the bowling team since it first started during his sophomore year '17-'18. Dylan was the team's first ever senior. Dylan remembers, "My senior year was special because we went undefeated in our third year of the program." After high school, Dylan will attend Bethal University, where he has signed to continue bowling. Dylan hopes to bowl in the PBA after college.

MARIAN KNIGHTS

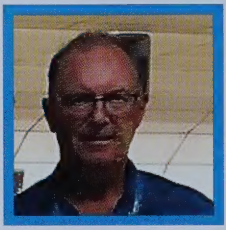
HOW well did the team do this year?

Coach Chris

"I thought that this year, we laid a great foundation for the future of this program in bowling, community service, academics, and a long lasting bond."

Coach Jon

"It was a successful season with a conference championship, sectional runner up, and a regional participant."



Coach Dave

"I thought the team made improvements and amazing strides this season."

Freshman bowler Adam Harrison and Senior bowler Dylan Anderson are receiving their awards for making the All Conference team for the first time. The All Conference team is like an all star team for high school bowling, and they take only the best bowlers in the conference.

Sophomore bowler, Justin Cline says, "I have been bowling two years. I really enjoyed this year: I was able to challenge myself and I was not a freshman anymore. I knew everyone on the team before this year. I am really looking forward to next year.

Junior bowler, Spencer Forslund says, "I have been bowling since fourth grade. My junior year was really fun, and I made great memories with team. I have known my teammates from before, so talking to them was easy. I am really looking forward to next year."

Junior bowler, Adam Foster says, "I have been bowling for two years now, and I loved my second year. I knew everyone on the team from school. I am really looking forward to next bowling season."

Junior bowler, Seth Becker says, "I rolled my first ball when I was eighteen months old. I really enjoyed my junior year. I have known some of the guys long before high school. I am looking forward to next year and showing teams who we are."

Freshman bowler, Adam Harrison says, "I have been bowling for eight years. I really enjoyed my freshman year. I knew a few of the guys before I started bowling for Marian. I am looking forward to my next year."

Junior bowler, Jacob Cramer says, "I have been bowling for only three years. My junior year had its ups and downs, but my teammates were always there for me no matter the situation. I am looking forward to next year because I can take it easy."

Junior bowler, Payton Sizemore says, "This was my first year bowling.The year was amazing and tons of fun. I knew all the guys before the season. I am most definitely looking forward to next season."

Freshman bowler, Sam Becker says, "This is my first year bowling. I had lots of fun and made new friends. Most of the team was complete strangers to me. I was disappointed when the season ended, so I am really looking forward to next season.

Q&A

What was your favorite tv show growing up?

Caedence Groen, 9th

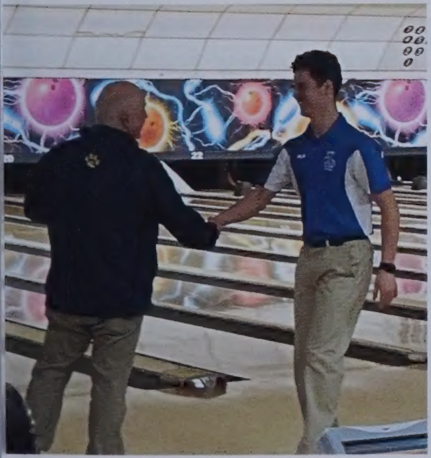
My favorite show was "That 70s Show." It was funny and helped me relax.

Henry Singer, 10th

"Thomas The Tank Engine" was my favorite show because I love trains.

Kyle Dennison 9th

"SpongeBob SquarePants" was my favorite show growing up. It was hilarious and made me laughed.



Sending A Messenger

These are two team mate's cars after a crash.... Spencer's story: "I was pulling out and changed gears to start leaving. Out of nowhere, Jake comes from my blind spot and crashed into me. I admit both of us are at fault." Spencer's advice for on the roads is, "Pay attention to your blind spots."

Jake's Story: "I checked my mirrors, as Spencer was crossing a parking spot, I was leaving diagonally. I looked left and right, and we were inching closer to one another. Our brains never processed that we're going to meet." Jake's advice is, "Start off slow and be a defensive driver."

DECEMBER
Seniors of the Month

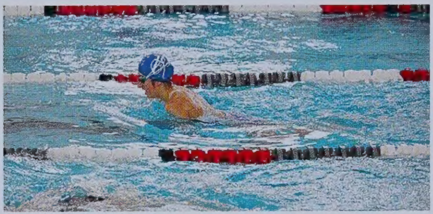
Being senior of the month is a huge accomplishment. Anna Gruber and Jack Keilman have accomplished that. "I was very surprised to receive this award. I was overwhelmed with emotions. Some advice I'd give to others hoping to become a senior of the month is to just be passionate in whatever you do," says Jack Keilman. "I try to be nice to everyone; I just try not to be mean to anyone because I know how that feels. Some advice I'd give to anyone would just be nice to everyone, go out of your way for everyone and never give up on anyone," says Anna Gruber.

Santa's Workshop

"I personally helped some of them make stockings. It was great to see their faces to see how happy they were. The greatest thing was seeing how happy they were to have people come and talk to them and interact with them," says sophomore Elizabeth Rhee.

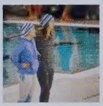
Swimming

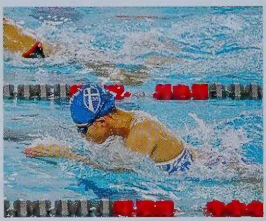
Having had previous swim experience, freshman Annalise Robledo was a huge asset to the team: "Even though I was a freshman, I felt like everyone else on the team was really supportive and helped us all with whatever they could whenever they could."

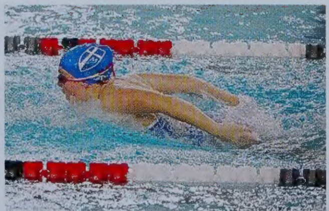


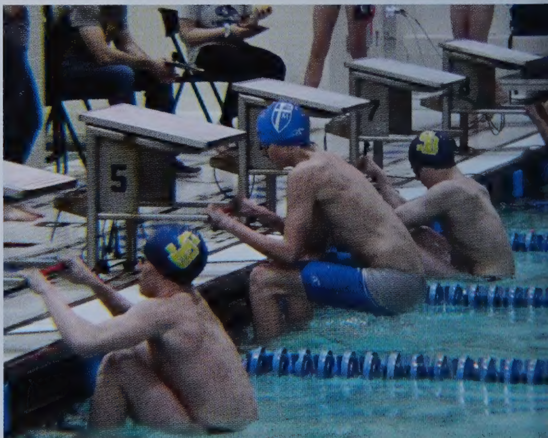
JUST KEEP SWIMMING

Swimming at the Goshen Relays, Henry Mehlberg says "I like to swim the 50 free because it gives me the chance to sprint and go the fastest that I can." Being a freshman on team can be tough. Most of them did not have previous experience and had to learn everything.









Santa's Workshop is an event where students volunteer at the Center for the Homeless around Christmas time to help guests s make handmade gifts for their loved ones.

The boys swim team had a very diverse group of boys. Some had never been on a swim team before like Augustine Bradley, while others have swam most of their life like Maximilian Christianson.

First year swimmer Augustine Bradley dives into the pool getting ready to swim breaststroke. "I swam breaststroke and butterfly, but I'd have to say that breaststroke was my favorite to swim."

After swimming the majority of his life, backstroker Maximilian Christianson places his feet getting ready to launch back. "I really like to swim backstroke because I'm pretty good at it. I also like being able to breath for most of my event and getting to swim first in the 200 medley."

Team Captains

"I really enjoyed being a captain because I was able to help the freshman. I also gained new friendships with some of the girls on the team because I was a captain."
EmmaLee Adkins, 10

"It felt good to be a captain; you get to be in charge of the team after 3 years. Being a captain, you have more experience and are able to help the newer members of the team."
Andrew Berzai, 11

"I feel like I can encourage my team members and be a leader for them. I feel like I was chosen to be a captain because had previous swim experience and was willing to help everyone on the team."
Elena Hicks, 10

"Being a captain was a great experience. Even though I'm not an upperclassman, I enjoyed being a captain. I liked helping the new swimmers and freshmen. "
Maximilian Christianson, 10

"I wasn't expecting to be captain, Niespo kinda just gave it to me and it felt like a big responsibility on my shoulders all of a sudden."
Minji Yun , 11

"It felt pretty good to be a part of something where everyone is so close. My favorite events were the 200 freestyle and the 100 backstroke because I like to swim distance."

Norah Porter, 9

"I really liked being on the swim team. My favorite event to swim was the 50 free because it's fun and easy to do."

Morgan Minder, 9

"The team was really supportive even though I was a freshman and a new swimmer. My favorite stroke to swim was backstroke and freestyle."

Jimena Salazar, 9

"It felt amazing to be a new swimmer on the team because I had never challenged myself in that way before. I really enjoyed my time with the team."

Yadhira Martinez-Matamoros, 9

"I wanted to swim so I could be stronger and faster, and it has really helped me. My favorite events to swim are the 50 free and 100 free because I like to sprint."

Anthony Marchetti, 10

"Being an older member on the team felt good because I felt like I had authority over the freshman and made them do the things I didn't want to do like lane lines. I also liked swimming the 200 IM because no one else liked it."

Henry Singer, 10

DIVING
RIGHT IN

Being the a new diver on the team, junior Benjamin Balderas had a lot to learn. Having never dove before, he caught on pretty quick. Benjamin was the only diver on the team, so in order for him to learn more, he started practicing with Mishawaka High School's diving team. As well as having to learn how to dive, Benjamin also had to learn to swim. "It was pretty hectic balancing the practices, managing the practices, and learning two new sports. It was pretty difficult to learn the dives at first, but after I learned the fundamentals it became a lot easier. I just learned how to do a double flip and a back one and a half. I can't wait to learn more and become better than I am!" Benjamin anticipates an even more successful senior year.

Dance

This year's Dance Team is made up of seven seniors, who are graduating next year, leaving only four members for the next season. Instead of seeing this as a bad thing, the girls looked at the positive side and saw the opportunities they were given this year to show off the talent and experience of their team. For example, at the Lake Central Invitational on February 15, the Dance Team scored a 70.50 in Poms and 69.07 in Jazz, the highest score of the season. The team as a whole is stronger together. Senior Abrielle Zielinski says, "Since the team is made up of girls, everyone has their days, but because we all are so close, I feel like I could talk to any of them." Being part of the dance team is hard work and that is exactly why senior Grace Wiest loves it. "My favorite part is learning new things and new abilities and then being happy that I can actually do those things that I learned." Dance is not all work and no play though. In the summer, the team drives down to Louisville, Kentucky, and stays in a hotel to experience some team bonding. The team is sad to see so many members leaving but are happy with where the year has taken them.

March For Life

The Knights for Life Club takes a stand against abortion by attending the March for Life in January. Departing from Marian on a Thursday night, two buses drove through the night and arrived in Washington, D.C. ready to march with thousands of people. "It was cool to see people my age and all the diversity of everyone," sophomore Monica Kloska says with joy. After the march, the buses drove the group to a host parish and school where everyone slept on the cafeteria and gym floors. The next day, the whole Diocese of Fort Wayne had mass together at the Basilica of the National Shrine of the Immaculate Conception to reflect on what they witnessed. All that was on Mrs. Kloskas's, the group's moderator, mind was how "magnificently beautiful the National Shrine was and how happy I was that we had a great group of Marian kids there and how proud I was of all our students going on that trip."

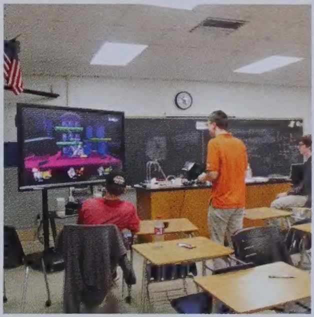
Panic! on the dance floor

"Panic! at the disco" is known as the Pom Team's "National Anthem"

Dance is a sport where girls compete in roughly 6 dance competitions in order to get to State. "We usually do 5 regular competitions and then regionals and state," senior member Kaylee McQueen explains. The music is a huge part of of the dance competitions because it determines the type of dancing that happens. According to senior Isabelle Becker, "Poms is typically any kind of pop music that we make a giant mix of and for jazz is just a slower, more ballet sounding music." The music is picked out by the team members while Coach Heather McClain and Assistant Coach Sarah Kuehn get the final decision on the music.

Table Top Games

Come challenge your fun side!



In the Tabletop Games Club, students put their mindset into winning a variety of board games. From Dungeons and Dragons to the classic game of UNO, even the latest video games, they play it all. This club is open to students of all grades whether you can come every week or just pop in once and a while. The club meets every Wednesday after school and the turn out it always huge.

Robotics Team

"Picked Last in Gym Class"

The Robotics Team, advised by Mrs. Rutherford and Ms. Randal, is a team of self-motivated students who put their time and effort into creating competition-winning robots. This year, after pushing through many close competitions, the Marian Robotics Team stood together and came out in 4th place! But just when the team thought their season was over, Ms. Randal received some very surprising news: not only had their team won a Motivate Award for all their hard work, but junior Minji Yun had also been awarded a "Deans List Award" for her great leadership skills on the team! Congradultions Robotics Team!

"She [Minji] was picked as one of the 5 Juniors and Sophomores out of all the teams, 250 kids, so she gets to go to state! I would say the kids kind of lead themselves more than I lead them, and they do a really good job, and it's a lot of work."
– Ms. Randal, Team Advisor

Q&A

What's your favorite memory with the dance team?

Isabelle Becker, 12th

"We were playing truth or dare, and Thea slapped me in the face with baby powder."

Sierra Henthorn, 9th

"Going to Kentucky and learning dances from an instructor. Also meeting all the people because all the other people are upperclassmen."

Isabella Gardini, 11th

"My coach drove us to Taco Bell and I left her car door open and one of the workers asked her if that was our car and she said yeah."

"My last year as a Marian cheerleader continues to remind me of my growth as an individual, the relationships I have built, and the skills I have acquired. I have gone through 8 rough seasons, and with every season I have grown as a cheerleader and as a person. My favorite memory is every bonding time with my teammates, because I really do love them! Having to leave cheer, my coaches, and my teammates is heartbreaking."

Holy War!!

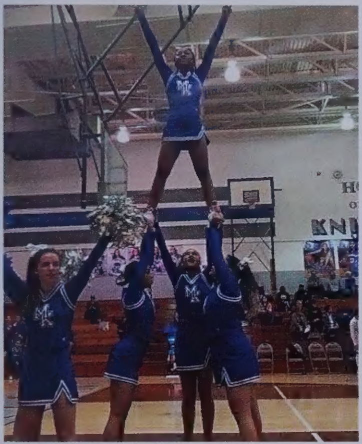
As the Lady Knights take on the Indians, the cheerleaders cheer them on all (k)night. The girls played their very best, but came uo short and lost to the Indians. However, they came back in sectionals and beat them 58-46!! Our cheerleaders were very proud of them. The Lady Knights are now celebrating their 3rd year winning regionals, and the cheerleaders are right behind them!

OHN GLENN
IGH SCHOOL

The 2019-2020 cheer season was one of the best ones yet. The girls really tried their best this season, and they even got to cheer the boys on in sectionals. The Knights won all three sectionals; against Washington, St. Joe, and Jimtown. They were definitely three games to remember, and the girls were lucky enough to be on the sideline cheering on the Knights.

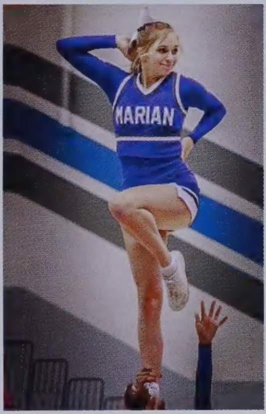
BASKETBALL CHEER

A team who always stands together.

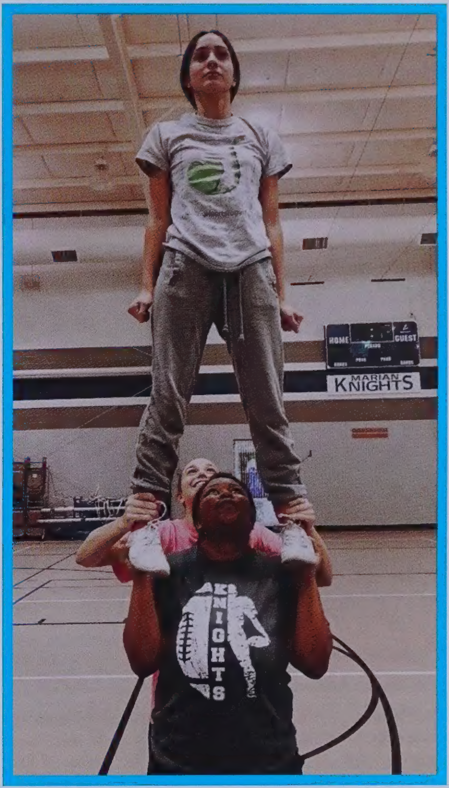


The Knights were playing the Elkhart Central Blue Blazers and winning. The cheerleaders threw together a special stunt for the crowd called the "Ball Up." It is a stunt where senior Alyssa Himschoot goes straight up and is thrown in the air to do a beautiful front flip. The Knights won against the Blazers 49-33.

JV whips up their first full this season. The girls have been working so hard on their stunts. Together as a team they have accomplished so much. They are such a special group of girls. They are growing together and are going to be an amazing Varsity team!



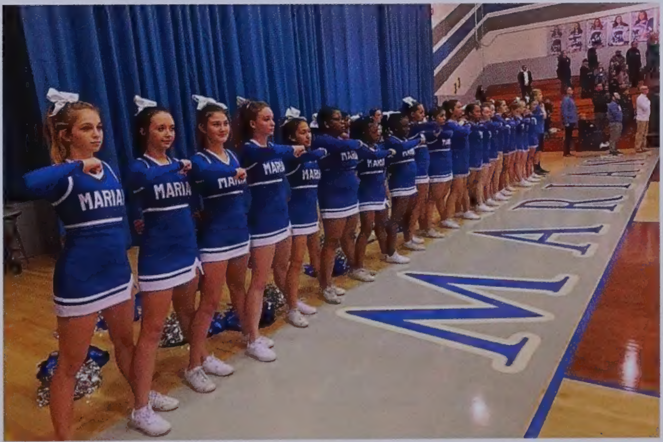
Senior, Alyssa Himschoot, goes up in her "Bottle Rocket" stunt. This was the seniors' last season cheering, so it was her time to shine. It was like her own special stunt, only she could do it.



At a Thursday night practice, senior Laresa Markham gets her one man stunt, a stunt in which you lift someone alone. Sophia Rodriquez, the flyer, says "It was the scariest thing ever, but after awhile I got use to it and it became more fun and easier.

Team Work

Flyer Lauren Moutray goes up in her "amazing" stunt as the Knights take on the Indians. The Knights had a close game all four quarters but always came back. They worked as a team to get the win they deserved. The cheerleaders could not be any more grateful to be cheering on the Knights at every game. They may have some losses but will always be winners in the cheerleaders hearts.



We Stand Together

The Varsity and JV stand together during the National Anthem. The two teams love being together. "Sometimes it seems as if we are just one team," says junior Arianna Dowdy. The girls always do their best at each and every game. They love to cheer on both the girls and boys as they take home their wins.

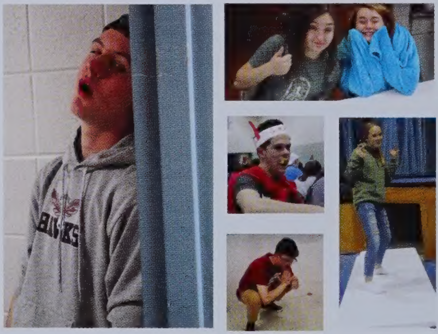
TURN on the LIGHT
2019 ANTIOCH FALL RETREAT

"It was at Antioch that disciples were first called Christians" (Acts 11:26). Antioch Youth Ministry is a place for high schoolers, grades 9-12, to gather and share their love for Christ. Many Marian students have been part of Antioch for many years. "The last retreat (Turn on the Light) was my favorite. I got to see the joy and peace from the love of Christ," stated senior Anna Marino. This year Senior Dylan Anderson went for the first time and afterwards he declared, "It was a welcoming community. I loved getting to know people and hearing their talks."



Wrestling

"Just seeing everyone, seeing the team grow is what I enjoyed most," says Junior Sam Singh, who has been wrestling since sophomore year.

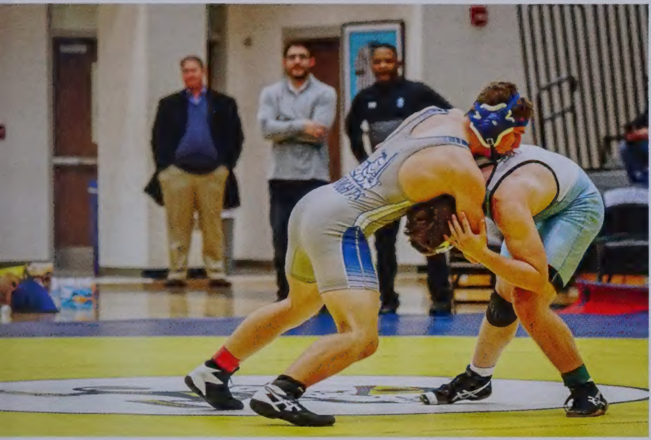
Even though the wrestling team is small, they came together and had fun. They had a rough start to the season, but they pulled through and were able to win a few games. The players enjoyed the practice, getting exercise, and the different aspects of the sport. As Sophomore Brennen Egan says, "I enjoyed the team aspect but also the individual aspect of the sport as well."

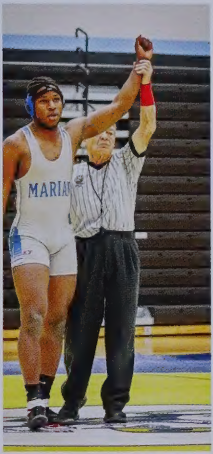
Although the team did not have as much time to practice as the other teams did, which made them lose a few matches at the start, they practiced hard and began to start winning. The team had only one week to practice because football interfered with their first week, but the other teams had two weeks to practice. Even though they had this disadvantage, they never gave up, and because of that effort, they were able to succeed and start winning.

Christkindlmarket

German Club goes to Chicago

On a cold Saturday in early December, the German Club went to the Christkindlmarket in Chicago. They took the South Shore into Chicago and went through the tunnels to the Macy's food court. They then went out of the warm building into the frigid Chicago streets, but they continued to the Christkindlmarket. Once at the Christkindlmarket, the students were told that they can go anywhere in the market, but everyone had to have a buddy. Once the market was open, they went in, but they soon realized how popular the market is. After they were done, everyone went back to the warm Macy's food court. The German Club then took the South Shore back to South Bend.





What stood out about wrestling this season?

"One thing I enjoyed was the practices because it was a great way to bond together."
Atticus Horvath, 10

"Being able to work out after, and the gym being open to me to work out."
Gabe Kerr, 10

"I enjoyed the experience of the sport and just the team in general."
Dylan Hanley, 9

"Just the stuff we did together and the games and how we bonded together."
Blake Oberg, 10

Senior Casssandra Mooney, among many other seniors helped work the Fair Trade sale for extra credit points in Mrs. Hamann's classes. The Fair Trade sale is a company that takes things made around the world and sells them to help provide for others. Marian hosts this event every year to help the "artisans" improve their home country.

Catholic Schools Week

On Monday, January 27, Marian had Mrs. Becker, parent and founder of Hello Gorgeous, come in as a guest speaker for Catholic Schools Week. She gave some helpful advice to students, which is to find friends who will accept you for who you are and to find a Bible quote that relates to you. Students also had a chance to represent their grade school for the dress down. On Tuesday, Marian dressed as tacky tourists. On Wednesday, Marian could wear pajamas if they donated $5 or a package of diapers. On Thursday, we wore crazy hats and socks, but the hats were not allowed in Mass. On Friday, Marian dressed down as T.V. network: Freshmen as Disney, Sophomores as ESPN, Juniors as Nickelodeon, Seniors as Animal Planet, and the teachers as HGTV. They also had a pep rally, where there were intense dodgeball games and an amazing dance performed by the dance team.

MIDWINTER

2020! This was the year to go to Midwinter. Mrs. Madison and her sophomore class crew sure out did themselves. Senior Laura DeNeve could not contain herself after the dance. "This year was a success! It was a great way to go out with a bang." This enchanted event took place at St. Hedwig's Memorial Hall in South Bend, a first for the Marian Midwinter. Mrs. Madison, tired but happy, said the night went off without a single hitch!

My advice to freshmen is... choose your friends wisely, because those friends will shape you into the person you'll be. True friends want what's best for you, no matter what, and will always be there for you. Be sure to find these friends in your life as soon as possible.

Joseph Rice

Lemme just say....
I kinda hate that I'm a try hard.

I confess that...I've worn the same shoes everyday of high school.

My advice to freshman is... sleep is for the weak. You can sleep when you're old. (Or don't have a cal test to worry about.)

Anthony Roberts

My advice to freshmen is... just get it done.

I confess that... I didn't really try and it ended well!

Lemme just say... the Anthony's were robbed for best bromance!

Amitza Rodriguez

I will never forget when... I tripped up the stairs trying to get into school.

Lemme just say... junior year was the toughest, hands down.

I confess that... I've at least cried once inside of Marian school walls.

Sophia Rodrigues

I confess that... I probably only read 1 or 2 of the books assigned, and I still passed. :)

Lemme just say... Slader and SparkNotes saved me.

My advice to freshmen is... take this year seriously! It's the start of your high school, it is SUPER important to stay in check.

Edward Rostenkowski

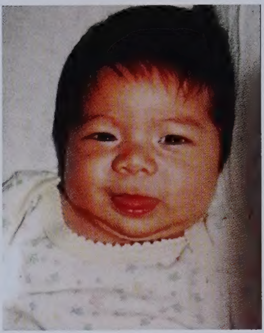
Student chose not to respond.

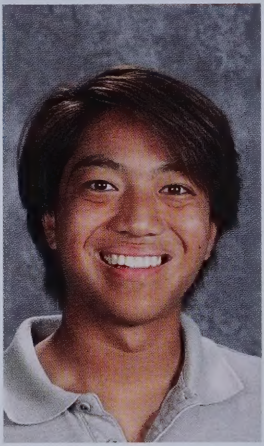
Joshua Rothbauer

I confess that... I have only read 4 books while in high school.

Lemme just say... Go Pack Go.

My plans for after high school are... if I told you I would have to make sure you forgot.





Peter Royeca

I confess that... the top shelf of my locker is filled with empty La Croix cans.

I will never forget when... my Junior year religion class serenaded Mr. Tryniecki with "Can't Help Falling in Love" by Elvis.

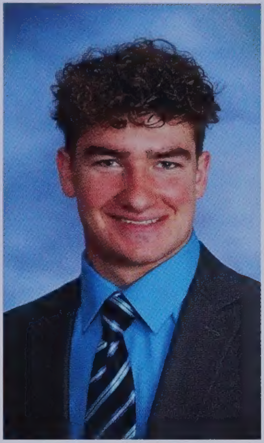
My plans for after high school are... to attend the University of Notre Dame.

Olivia Salazar

Student chose not to respond.

Nathan Samuels

Student chose not to respond.



Micheal Schafer

Lemme just say... "Take care of y'all's chicken."

I will never forget when... I got a sack at Culver.

If I could be any animal for the day, I would be a... Coach Fuller.

Micheal Schnippel

I confess that... I have done enough donuts in the parking lot to be expelled.

I will never forget when... Mitchell Floran faked a cramp in Mrs. Rutherford's class, and I stretched him out in the back of the room for 10 minutes just because we were bored, also because we had no business taking an AP Chemistry class.

My advice to freshmen is... don't be a class clown, you will only regret it and hurt yourself in the end.

Ethan Schramm

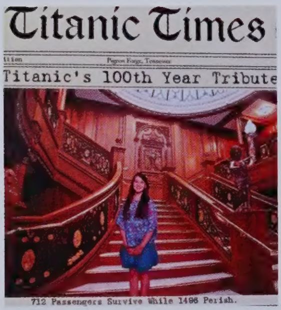
Student chose not to respond.

Amanda Shrock

Lemme just say..."What time I am afraid, I will trust in thee" (Psalms 56:3).

I will never forget when...Marian became my family- all the laughter, late nights and crazy memories we've shared. Once a Knight Always a Knight!

My plans for after high school are...Chemical Engineering degree at Trine University, embrace God's plans for me, and keep living in the moment.



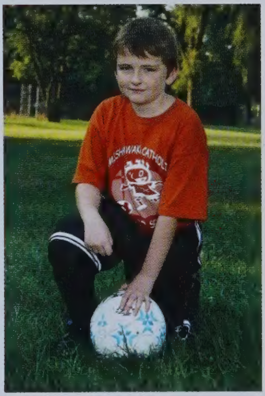
Titanic Times
Pigeon Forge, Tennessee
Titanic's 100th Year Tribute
712 Passengers Survive While 1496 Perish.

Kelly Skwarcan

I confess that... I once got up at 3 a.m. to make history note cards for one of Tricker's tests.

Lemme just say... Quizlet is your best friend. Use it well.

My plans for after high school are... to become a best selling author and help others achieve their health and wellness goals.

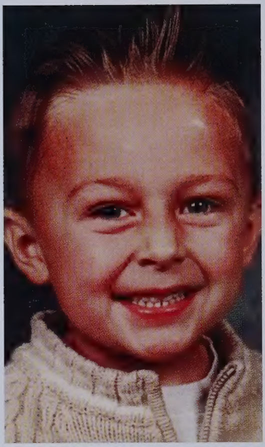


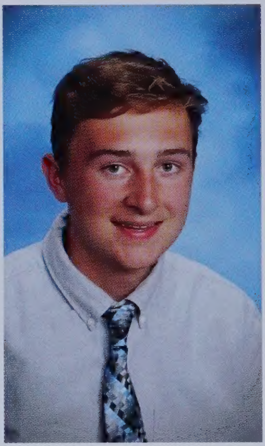
Liam Smith

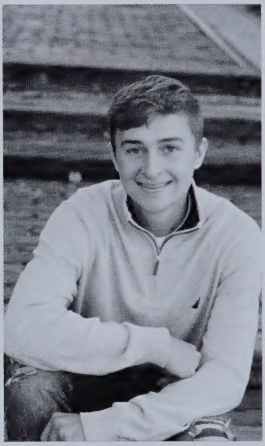
I confess that... I had my phone on me everyday.

My advice to freshmen is... don't stand in the middle of the hall way.

Lemme just say... art class was the class I had the most fun in.





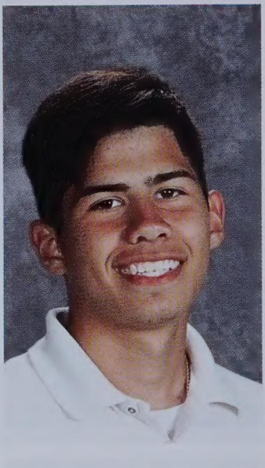


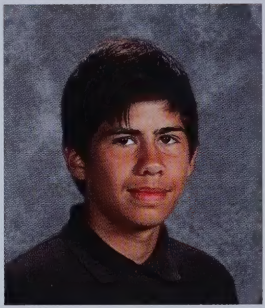
Riley Sutherland

I confess that... I have done all my homework the day it was due.

My advice to freshmen is... be yourself and make the most out of high school. It goes by fast.

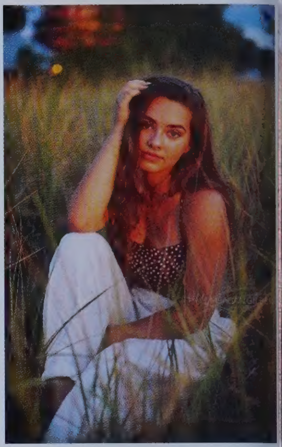
I will never forget when... Mr. Carrasco debuted as a professional MMA fighter.





Francisco Tavarez

Student chose not to respond.



Claire Thomas

My advice to freshmen is... be yourself.

I will never forget when... my coffee fell out of my locker and spilled all over me.

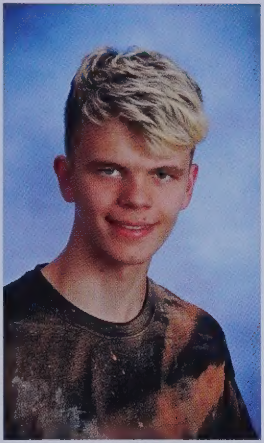
If I could be any animal for the day, I would be a... killer whale or praying mantis, couldn't decide.

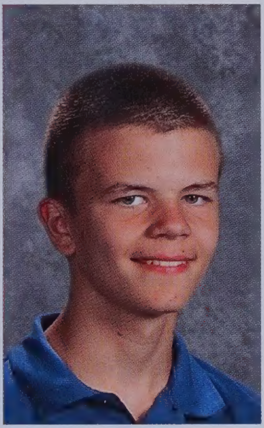
Theresa Thomas

My advice to freshmen is... high school is what you make of it. You can sit there and let people define you, or you can go for it, be yourself, and HAVE FUN!!

Lemme just say... there's nothing like beating St. Joe. :)))

I will never forget when... everyone wrapped their arms around each other and jammed out to "Take Me Home, Country Road" at prom.



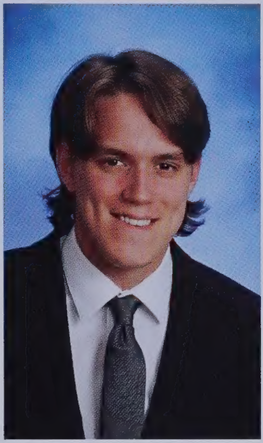


John Thomason

My advice to freshmen is... D's get degrees.

Lemme just say... Epstein didn't kill himself.

If I could be any animal for the day, I would be a... sloth.



Jordan Tirotta

My advice to freshmen is... if you're 1 minute late, you might as well be 30. So go grab some breakfast from McDonalds.

I will never forget when... Tyler got thrown out of the sectional game vs St. Joe.

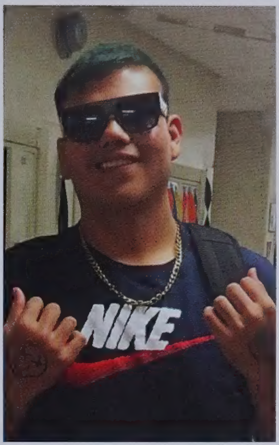
My plans for after high school are... to attend Ball State.

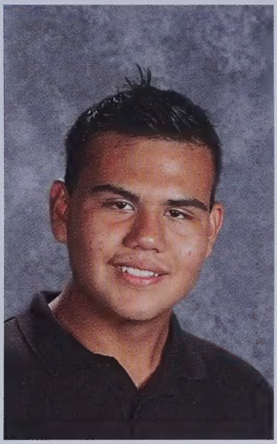
John Tordi

My advice to freshmen is... watch Ferris Bueller's Day Off and listen to that last line. Don't forget it.

Lemme just say... CRISPR is the future. Also, hey Joey?

I will never forget when... me and Anthony Garatoni mixed up the two locker rooms on the first day of school.





Miguel Torres

My advice to freshmen is... don't let nobody stop your dreams.

My plans for after high school are... become a Rapper and study business.

If I could be any animal for the day, I would be an... armadillo rolling around.

Megan Trippel

I confess that... Google helped me pass Biology.

My advice to freshmen is... when in doubt, Google it.

I will never forget when... Alivia fell like 17 times going up the stairs.

Rosa Trippel

I confess that... I have no rights.

Lemme just say... we beat St. Joe in the golf regionals my senior year!

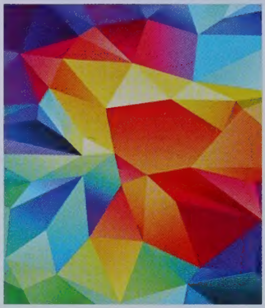
I will never forget when... some kid stood up in english freshman year and said he was going to be valedictorian and then...

Salvatore Vasta

I confess that...
I have Senioritis already.

I will never forget when... Ms. Niespo lost to Luke in a push-up contest.

Lemme just say...
this senior class is very... entertaining.



Louis Vogel

Student chose not to respond.

Elizabeth Voor

I confess that... high school was a solid 3/10. It had its moments, but it took a hot minute.

My advice to freshmen is... Mr. Davidson is wrong. The unit circle isn't your best friend... Quizlet, Slader, Photomath, and SparkNotes are.

I will never forget when... the killer clowns threatened to come to Marian freshman year.

Olivia Walter

I will never forget when... Tony Stark said, "I love you 3,000."

I confess that... I never fully ead a book for my English classes.

BIENVENIDOS

STAND in CLUBS

We come together as a diverse body with many shared interests. From competitive to relaxing, from weekly meetings to impromptu gatherings. We stand in line and stand up for what we believe. We change the world we live in and create new worlds within our games. We are limitless in our dreamings. We are together making a difference.

Q&A

How did it feel to get to Semi-State?

Mitchell Floran, 12
"It was fun, but it didn't come out the way we wanted it to. It was a fun ride, but it is a relief to be done with it since we spent so many years working towards this goal."

Michael Murphy, 10
"It was a great achievement, but we did want to win state. It felt amazing to get as far as we did. We all came together as a team and we didn't reach the ultimate goal but we did pretty good."

Tyler DeBoe, 12
"It was so nice. Obviously we would have loved to win and go to state but it was a fun season and we only lost twice which is really good. It's amazing to be able to say I played on this team."

COLOPHON

The Student Publications class and adviser, Ms. Micah Niespodziany, are proud to present The Madrigal to the student body for spring delivery this year. Staff members are EmmaLee Adkins, Alaina Bell-Clark, Riley Collins, Catherine DeLee, Lupita Diaz, Arianna Dowdy, Justin Germann, Roshelle Glazman, Alexandria Gohn, Adam Harrison, Marissa Jenks, Loki Schaefer, Layne Schmitt, and Brianna Wasoski. The yearbook is printed by Herff Jones, represented by Mrs. Betty Samples. Photographs are a collection of student photography, LifeTouch, Prestige Portraits, Pixel Perfect You, Bateman Photograpgy as well as others submitted to the Marian Twitter and Facebook accounts. Our book is Size 8, the font family is Function, and our visual/graphic theme is based on the digital art concept WPAP. The book cost is included in regular student tuition or may be purchased for $55.

Dear Marian Family,

This is definitely not how I thought this year's book would end. The Novel Coronavirus, Covid-19, has reached the scale of a global pandemic now. We are currently out of school, quarantined in our homes, to prevent the continued spread of the virus to the most vulnerable in our society.

We are utilizing Remote Learning to try to keep our educations moving forward. At this point, the governor of Indiana says we will not return to school until at least May 4. Spring sports have been canceled, the Marian Auction will be held online, Prom and Spirit Night are postponed. We don't know what the end of the school year will look like. Teachers and students spend their days posting and emailing, and believe it or not, we all kind of miss each other and miss being in school!

We don't know what will become of the 4th quarter which started with online classes on March 16. We don't know how grades and graduation will work. I don't know if I will even be able to give you these yearbooks before the school year is over like planned! But what we do know is that Marian's cafeteria staff has been making meals for kids in need while school is out. The sisters up on the hill and our chaplains are praying for us day and night. Our families and friends love us and are using all sorts of technology to stay close together despite rules like "social distancing," working from home, travel bans, and store and restaurant closures.

These are times unlike we have ever known. But just as Sister Marie and Sister Mercy reminded us on their version of "Homeroom Announcements," the phrase "Be not afraid" occurs 365 times in the bible; that's once every day! We can take courage that we will be alright. We can take comfort in knowing we have our families, the Marian family, and our heavenly family watching over us during this unbelievable time.

Stand firm, Knights.

WORLDWIDE IMPACT

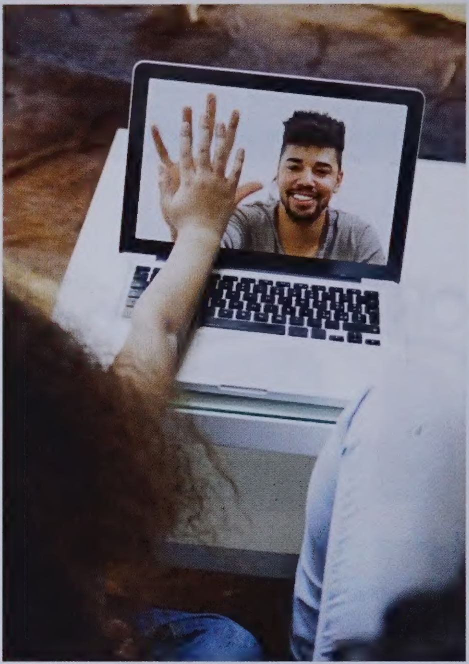
COVID-19

WHAT IS SOCIAL DISTANCING?

THE CENTERS FOR DISEASE CONTROL asked everyone to take intentional actions to avoid passing the coronavirus from person to person. Anyone who didn't feel well was asked to stay home. In day-to-day life, social distancing meant staying away from places people gather and staying at least six feet from other people. That meant no eating in restaurants, no movies or plays and no attending sports events. For younger kids, it meant no playgrounds, playdates or sleepovers. For adults, it meant no trips to the gym, salons or restaurants. The CDC also advised that people cancel all non-essential appointments, including surgeries or medical procedures that weren't critical.

SEVERE MEASURES

STATES WITH HIGH LEVELS of positive COVID-19 tests began issuing shelter-in-place orders. Residents were only allowed to leave their homes for essential tasks such as getting food or seeking medical help.



» HOW WE DEALT WITH THE SPREAD OF CORONAVIRUS

First steps

- Limited travel out of the country was a first step.
- Experts suggested self-quarantining for those who had recently traveled or were feeling sick.
- New cruise travel was canceled and passengers returning from foreign cruises were quarantined.

» HOW COMPANIES HELPED

- Many companies that offer online learning resources and services, started allowing teachers to use their resources at no charge.
- Adobe began making its Creative Cloud software available for students to use at no charge.
- Burger King started giving away free kids meals to help make up for children who are not being fed because they are not in school.
- U-Haul offered 30 days of free storage for college students who had to move out of their dorms with little notice.
- Many grocery stores began providing senior-only shopping hours so that older citizens could shop with less chance of being exposed to the virus.
- Big box stores, such as Walmart, adjusted store hours so employees could properly clean and sanitize the store and restock the shelves.
- Cosmetics and liquor companies both have alcohol on hand, and some opted to make hand sanitizer at their facilities.
- Companies, such as Apple and Facebook, that had extra masks left over from the California wildfires donated them to hospitals.

CANCELED CORONAVIRUS EVENT

Next steps
- Schools closed with varying reports of trying to resume later in the spring. Students began online learning.
- People who could began working from home and managing their homebound students.
- All sports — from Little League to professional — and entertainment including Broadway and television shows with a live audience, suspended operation.
- States limited gatherings — first large gatherings, such as conferences, and then even small gatherings of 10 or more people. This effectively closed restaurants causing many to convert to take-out only.

TOILET PAPER **HOARDING**

AS FEARS ROSE over the idea of shelter-in-place orders and quarantine, toilet paper became scarce as consumers decided to clear shelves of TP, hand sanitizer and cleaning supplies. Retailers resorted to limiting the number of packs that could be purchased at one time. We weren't alone, according to CNN, stores in Australia hired security guards to keep the peace in the TP aisles.

TP by the numbers:
- About 90 percent of the TP sold in the U.S. is also made in the U.S.
- The average person uses about 100 rolls each year.
- Approximately 75 percent of the world's population doesn't use TP.
- They do use TP on the International Space Station.
- Normal daily production is more than 83 million rolls per day.
- In the U.S., packaged TP first became available in 1957.
- One company advertised splinter-free TP in 1935.

COVID-19 TIMELINE

A YEAR LIKE NO OTHER

The family of viruses known as the coronaviruses caused sicknesses ranging from the common cold to more severe diseases such as SARS (severe acute respiratory syndrome), MERS (Middle East respiratory syndrome) and COVID-19, which was first identified in Wuhan, China. Symptoms included fever, cough and trouble breathing. Most developed only mild symptoms, but some people, usually those with other medical conditions, developed more severe symptoms, which were sometimes fatal.

DEC. 31–JAN. 7

- **Dec. 31:** China reports a cluster of pneumonia cases associated with the Huanan Seafood Wholesale Market in Wuhan, China. By Jan. 3, the case numbers grow to 44 with 11 severely ill.
- **Jan. 7:** World Health Organization (WHO) officials confirm illness is a new form of coronavirus. Incident Management System is established by the Centers for Disease Control and Prevention (CDC).

JAN. 11–23

- **Jan. 11:** China confirms first death from coronavirus.
- **Jan. 13:** Thailand reports first confirmed case of virus.
- **Jan. 15:** Japan reports first confirmed case.

» FIRST U.S. CASE

- **Feb. 2:** First death outside of China due to the virus is reported in Philippines.

FEB. 5

- More than 3,600 passengers are quarantined aboard the Diamond Princess cruise ship in Yokohama, Japan, after numerous passengers test positive for the virus. The number of people who tested positive onboard was the largest number of coronavirus cases outside of China to date.

DIAMOND PRIN

FEB.6

- Chinese ophthalmologist Li Wenliang, who worked treating coronavirus victims, dies after contracting the virus. Dr. Li first warned that the cluster of infections could spin out of control, but was forced to sign a statement denouncing his warning. Many hailed him as a hero for ringing early alarms about the virus.

FEB. 10–14

- **Feb. 10:** Death toll of 908 in China surpasses the number of individuals killed by a SARS epidemic in 2002-2003.
- **Feb. 11:** WHO names new coronavirus COVID-19, which stands for coronavirus disease 2019.
- **Feb. 14:** First death in Europe reported in Paris, France. Individual was an 80-year-old Chinese tourist.

FEB. 23–26

- **Feb. 23:** A surge of cases reported in Northern Italy leads the Italian government to begin quarantining entire cities.
- **Feb. 24:** Trump administration asks Congress for $1.25 billion for coronavirus response.
- **Feb. 25:** The CDC says that it's inevitable the disease will spread to the U.S and residents should prepare for "severe disruptions."
- **Feb. 26:** Brazilian officials announce first Latin America case of COVID-19.

FEB. 27

- NASDAQ-100, the S&P 500 Index, and the Dow Jones Industrial Average post their sharpest falls since 2008.

FEB. 28–29

» DISEASE BECOMES WIDESPREAD

- **Feb. 28:** First case of American coronavirus community spread is found in California. Number of infections in Europe spike. Sub-Saharan Africa announces its first.
- **Feb. 29:** Governor of the state of Washington declares state of emergency. Travel is banned to specific areas of Italy and South Korea, and all of Iran. First U.S. death is reported in Washington.

MARCH 6–8

» FIRST MAJOR EVENT CANCELLATION

- **March 6:** South by Southwest, a music, film and interactive media festival planned for March 13–22 in Austin, Texas is canceled to prevent coronavirus spread. The festival, in its 34th year, typically drew a half-million people to the city.
- **March 8:** CDC recommends avoiding cruise travel and for older passengers to avoid large gatherings and long plane rides.

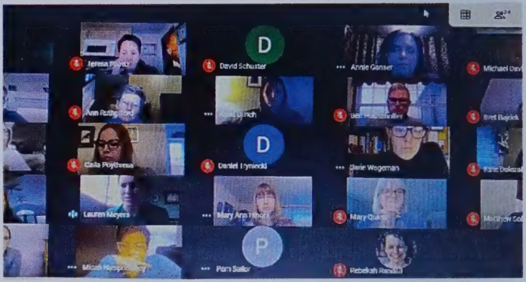
Teachers & School

Staying at home has been strange for everybody, including the teachers.



Quarantine has not just changed the way the students learn, but also how the teachers teach. The teachers have different strategies for teaching their students effectively. Some teachers use Google Classroom and some do not. Coach Householter prefers to send emails to his students and will grade about 60-80 emails a day. Mr. Dlugosz prefers Google Classroom because of its ability to sort and store assignments. Mr. A. is in between, and puts assignments on Google Classroom the night before and has students email the answers. A downside of remote learning is that students are unable to meet each other to discuss material, such as in Ms. Niespo's AP English class. Many of the teachers miss the students and the opportunities being in the classroom gives to helping students learn.

What Does Teaching Remote Learning Look Like?

"This has been an interesting end of year. I have mixed emotions about how things have gone. I have enjoyed gaining new skills while delivering content to my students. I have also missed seeing my students face to face and being able to make connections with them. I will also miss being able to say good-bye to my seniors." -Mrs. Germann

What Do Teachers Think About Remote Learning?

Mr. Caputo
It's not half bad. I have a new flexibility of schedule that is really nice. Also, I have moved to a method of teaching that is heavily self-learning from the student's perspective. I know this can be challenging for some, but on the whole I think it is helping students really learn the material.

Ms. Randall
It is an interesting challenge. I think with more prep, resources, and specific expectations for students, it could go very well.

Mrs. Madison
RL works well for some students and teachers if it's planned and organized. We didn't have time to do that with the pandemic. Even so, English classes are highly discussion-focused/based, and that's not at all as valuable remotely as it is in person, in a classroom.

Mrs. Hamann
What I think is that this has been a challenge for everyone involved. We are all working harder and longer hours than if we were in school. I feel it is important that we all give ourselves a break; allow yourself to maybe not attend to something immediately; go for a walk now that the warmer weather and sunshine is here. Our emotional well being is as important as our grades and academic rigor. Love yourself because we all love you!!

Ms. Kaser
I have enjoyed having time to bake and cook new things! My roommates and I have also taken in foster dogs while we are home and love to go on long walks with them. I think remote learning has been challenging for both teachers and students. I miss being in school and getting to interact with people daily, and it is nice to hear students feel the same way. I think a small part of me even misses the chaos of freshmen hall! My favorite part is when I still get to hear funny stories or comments from students online.

Mr. Tricker
It's different for sure. Remote learning reminds me how important face to face interaction is to all facets of our experience.

Mr. Rosenbaum
I find remote learning to be extremely challenging and often quite frustrating. I really miss the student-teacher interaction and find it difficult to maintain the energy and enthusiasm that teaching requires. On the other hand, remote learning has forced me to examine what I teach, how I teach it and why I teach it. I feel that to a certain extent, I have been dragged kicking and screaming to another level of teaching, that I never expected to see or need and yet as a direct result of this I have acquired new skills that will make me more proficient at what I do. I guess there really is a silver lining.

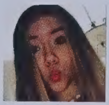
Fr. Nathen Maskal
At the parish and school levels, we've had to rediscover and re-establish our routines of personal prayer. I continue to meet with students and parishioners, either remotely or in extremely limited ways with precautionary measures. It has been very sad to say Mass with an empty Church, but I know livestream option are important and that all of you are praying and united to the Body of Christ with your daily conversations with God. I think we are all learning and experiencing very valuable spiritual lessons that will help us in future responsibilities. In my 2nd year of priesthood, I continue to see the proclamation of the Gospel going out in wonderful and unexpected ways, with the most important spiritual quality being faithfulness.

What do students think about remote learning?

"I think remote learning is very stressful, but its nice to be able to do my work from the couch."
Ainsley Kosek, 10

"It definitely wasn't as effective as in person learning, but I loved the freedom and being able to work on my own stuff. It was a much needed break!"
McKenzie Collins, 11

"Remote learning has been a good alternative for school since we can't go in, but it's been hard to focus. It's also really hard to learn the subjects without a teacher for guidance. It is not really accommodating to people who are always doing something."
Bryanna Ellis, 9

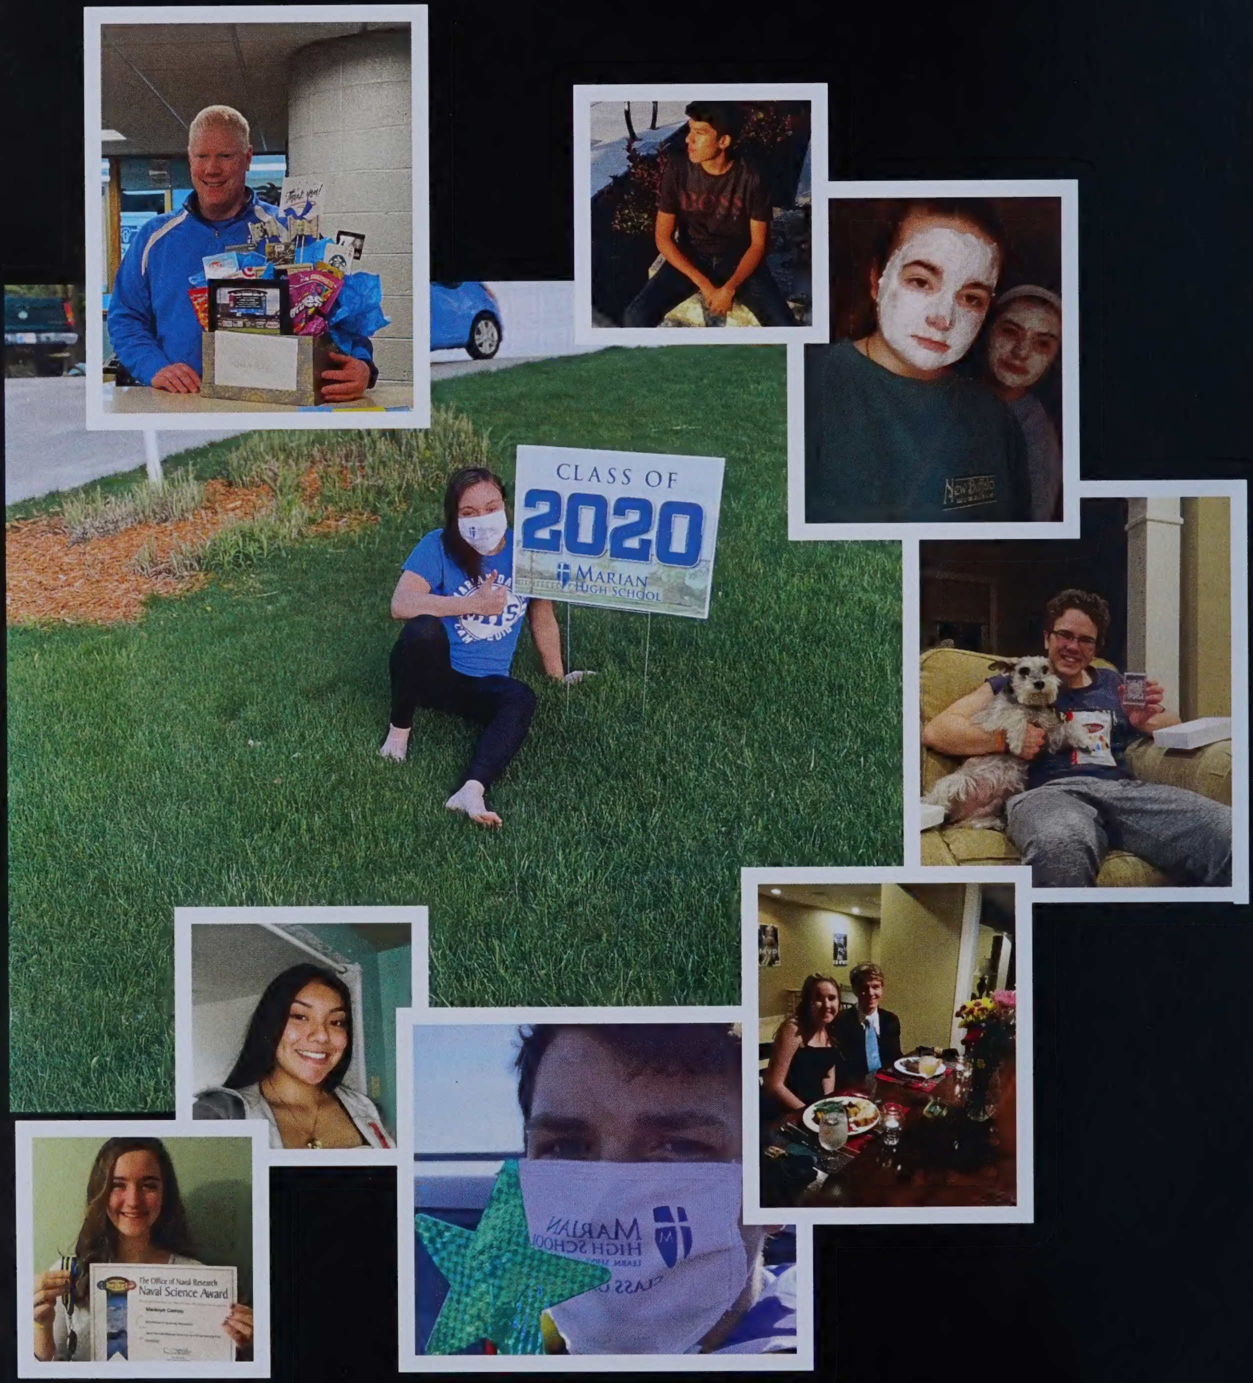


"Remote learning was hard, but it was also relaxing to do work on your own time."
Kayla York, 10

"I think that remote learning is harder than being in school because we aren't in the classroom setting and we don't get to be with our teachers everyday. I also think that it's a learning experience to do our learning a different way."
Sierra Henthorn, 9

The Cafeteria is Still Open for Business!

This Coronacation, no one is stopping our Marian family from serving the community. The ladies in the kitchen never stopped working to feed the community some delicious and already prepared lunches for the go. These ladies work hard to get the lunches ready and, with some help, they stand outside while cars drive up to pick up lunches for



Thank you!
